

Fence Proposal

Photos of the proposed fence style

Questions for Residents on Fencing:

1. Do you think we need a fence along the Deerlake Road side of Meadows Park?
2. Do you like the general design of the proposed fence (style, 5 ft. in height, 250 ft. in length)?

If not, what would you suggest?

3. The fencing will cost about \$10,000.

Do you approve of this expenditure?

4. Do you think we need fencing anywhere else in Deerlake Village in response to the Borhaug development?
5. If you support fencing, when do you think it should be installed (e.g., now, after construction on the Borhaug development begins, after construction is complete).
6. Do you have any other suggestions regarding fencing/buffers?

Please provide your feedback to Bob Agnew at bagnew@emory.edu

Location of the proposed fence line on Deerlake Road at the head of Meadows Park
