

Signage Proposal:

'Deerlake Community' signs

The signs would be wooden, 36" x 30" green background with yellow letters.

The sign in Meadows Park would be the same. There will be no variance needed for the Meadows Park sign as it would be on private property.

Deerlake 'private property' signs

The 'private property' signs are 12" x 18" metal signs, green background, with red border. There are 18 identified spots: beginning of trails, back of Meadows Park, property lines etc. These are in addition to the current signs already posted.

Map of the 'Private Property' sign locations

Key: **Yellow** marks the location of the Deerlake Community signs. **Red** are locations of the Private Property signs.

Questions for Residents on Signage:

1. Do you like the general design of the signs – including style and size.

2. Do you like the suggested placement of the signs?

Do you think we should place them anywhere else?

3. Do you like the wording on the signs?

Do you have suggestions for other wording or other types of signs?

4. Do you think we should provide residents who request them with 12 x 18 inch "Deerlake Village: Private Property" signs? If so, should we charge residents for such signs (about \$50, about \$100 installed on a post)?

5. The signs will cost about \$5000 (We are anticipating the additional cost of pool and lake signs here).

Do you approve of this expenditure?
