DVCA BOARD LIAISON ROLE

1. Serve as a communication conduit between the Board and the assigned Deerlake committee(s). Update the Board on pertinent Committee activities, and report Board comments and findings regarding a committee to that committee's chair.
2. Establish collegial working relationship with committee chair(s). The Liaison is NOT in charge of any committee but acts as a resource when asked. In rare cases the liaison may have to intervene in committee activities, but only with Board approval.
3. Attend Committee meetings when invited and/or necessary.
